

So Easy . . .

If you can plug in a lamp,
you can use Zero-Click™ software.

BLOOD GLUCOSE DATA MANAGEMENT SOFTWARE

ZERO-Click™

ZERO-CLICK

Connect meter to computer and Zero-Click™ does the rest . . .

STEP

1

Connect meter to computer via USB.

STEP

2

View data.

BLOOD GLUCOSE DATA MANAGEMENT SOFTWARE

ZERO-Click™

ZERO-CLICK

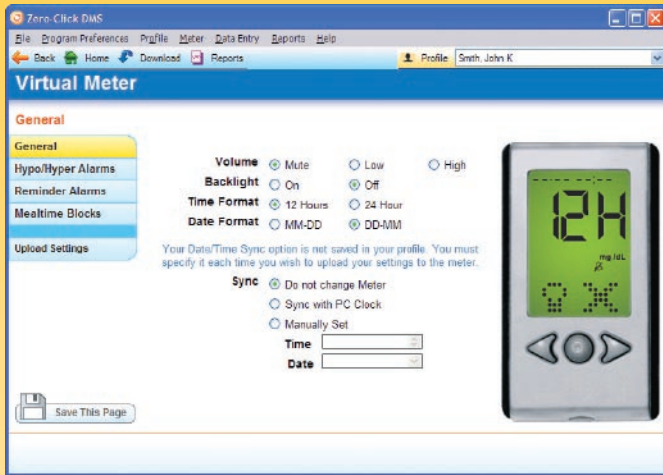

For use with WaveSense™-enabled meters.

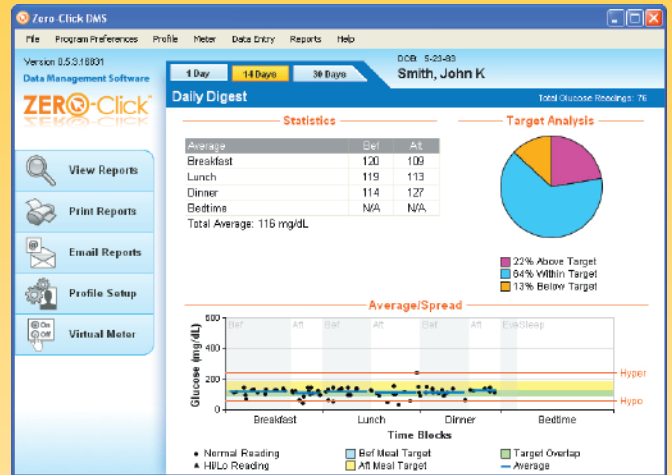

Virtual Meter™

Virtual Meter™ technology allows you to change your meter settings from your PC.

Daily Digest™

The Daily Digest™ feature lets you review your data in one step.

Virtually make ALL setting changes through your PC:

- Time and Date
- Volume
- Backlight
- Hypo and Hyper Alarms
- Reminder Alarms
- Mealtime Blocks

Effortlessly view key statistics and graphs.

Automatically displays:

- Statistics
- Target Analysis
- Average / Spread

Convenient USB Style Connection

You plug in the cord . . .

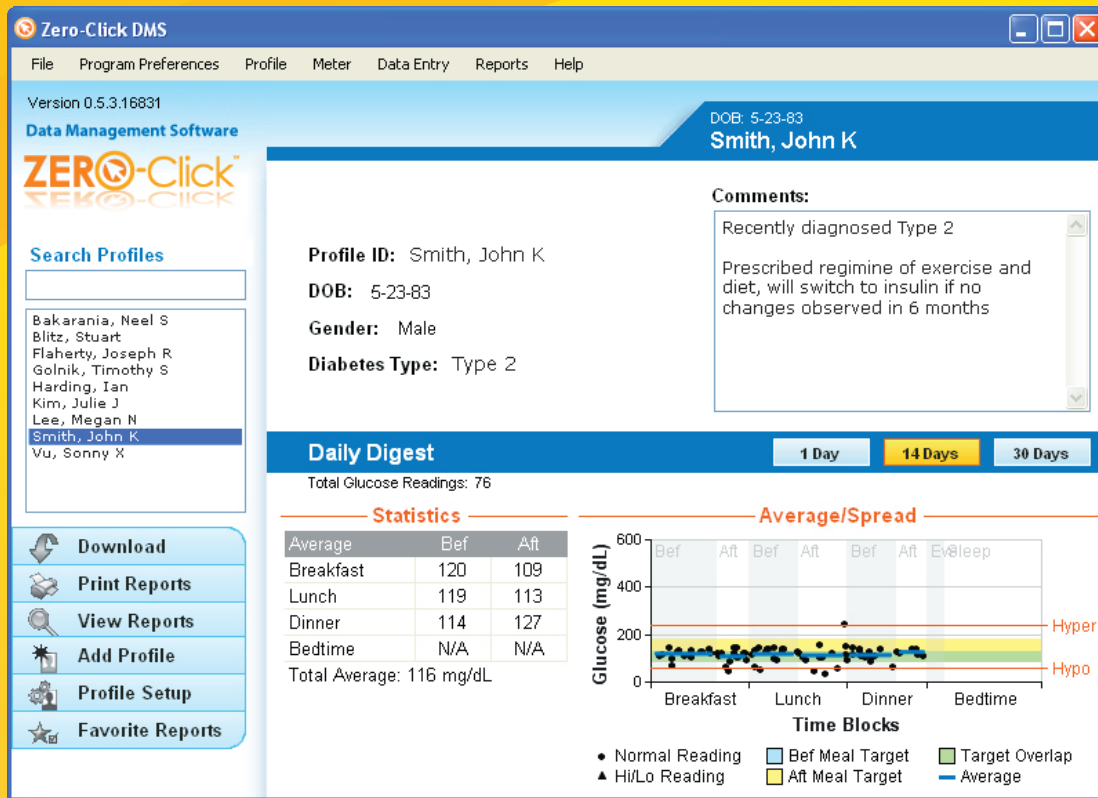

And the software automatically:

- Identifies meter
- Launches the Zero-Click™ software
- Downloads glucose results to user's profile
- Instantly displays easy-to-view charts

Professional Mode

You probably didn't get into medicine to fumble around with computers. The Zero-Click™ Data Management Software has all the tools you need and none of the features that waste your time.

Zero Guessing Games

The Zero-Click™ Data Management Software automatically recognizes WaveSense™ enabled meters and starts the program for you. You can focus on helping your patient while the program focuses on finding the meter.

Zero Download Errors

The program automatically identifies the profile associated with a meter and downloads results to it. No more accidentally downloading information to the wrong profile.

Zero Wasted Paper

The Favorite Reports feature allows you to choose a group of reports as favorites. When you click print, only the reports that you find useful will be printed.

Zero Blurry Faxes

An easy-to-use feature allows your patients to email you their results as crisp, clear PDF's.

Automatically displays:

- General profile information and comments field
- Search box for saved profiles
- Key statistics and Average / Spread graph
